About GASl Summer School

This four-day event in Belgrade will allow those who have already embarked on learning through Group Analysis as well as those who feel new to the field to discover the potential for further development through being a member of an International Group. The school body will take different forms:

- Small Groups,
- Peer study groups,
- Supervision Groups,
- Large Group,
- Lecture Group.

The Lectures will be presented by:

Ivanka Dunjic (IGA Belgrade): Learning across borders or boundary crossing

Sue Einhorn (GASl): The strange experience being a group analyst

Bessy Karagianni (IGA Athens): The group-analytic approach towards difficult patients.

Kevin Power (GASl): The mixed age group

Participants will be able to trace their own different roles and incarnations as they traverse the borders of these different groups and to consider these in relation to the development of the school as a whole. Students will be able to contribute in a variety of ways, and the programme will include opportunities to present current group work for clinical supervision.

An international team of Group Analysts, drawn from Serbia, UK, Germany and Greece, will staff the school. The student body will also be similarly international.

Accommodation – Trim Hotel

For the participants of our Summer School we have reserved the Trim hotel, located near the Venue (10 minutes walk). Hotel is also located in the most beautiful part of Belgrade, Kosutnjak, a park-forest spread over 40 hectares, which offers numerous sports and recreational facilities. It is located 9 km from the city centre and 26 km from the airport. Ada Ciganlija, a river island, is a close neighbour to the hotel, and is known as the "Belgrade sea", which boasts 100,000 visitors daily in the summer. The accommodation is in a single or double room, with price of 28€ per person, per night (breakfast included).

Trim Hotel boasts an 80 seater restaurant and a large outside terrace, one of the most beautiful in Belgrade, suitable for drinks and outside dining. The hotel is recognised for their fine Mediterranean cuisine and offer diners an A La Carte menu and also a Set Price Menu. Their specialties include pizzas prepared in a wood burning pizza oven, a large selection of pastas, salads and meat dishes.

The complex is located in the heart of Kosutnjak and surrounded by forest. This makes it an ideal place to play tennis even on the hottest days of the summer. In its first winter season they had the privilege of welcoming Serbia's best tennis players, including Djokovic, Tipsarevic, Zimonjic and Troicki, whilst they prepared for upcoming hard court tournaments including the Barclays Dubai Tennis Championship. If you would like to stay in Trim Hotel, contact Ivana Vidakovic ividakovic@ian.org.rs.

Airport Transfer

The airport is located outside Belgrade, some 23km from the Trim Hotel and the Summer School venue. Cab fair should be 1,500 RSD to 2,000 RSD (approximately 15€ – 20 €, since 1€ = 111RSD). You should try to exchange money at the airport, since taxi drivers are not allowed to accept foreign currency.
