EGATIN STUDY DAYS

“Differences in the Didactic Matrix”

Rome, 10-12 June 2022

Museo Nazionale di Storia dell’Arte Sanitaria
Sala Alessandrina
Lungotevere in Sassia, 3

In 2005, the EGATIN Study Days in Rome dealt with the theme “Didactic Matrix”. Under the pressure of social and scientific changes, group analysis faced new challenges and crossed uncharged territories and the topic is more relevant than ever. In 2022, again in Rome, it will be possible to explore how “differences” question the didactic matrix and research in group analysis, the effectiveness of therapy and training in the postmodern world.
